

Department of Metallurgical and Materials Engineering

The Department of Metallurgical and Materials Engineering is devoted to the design, creation and fundamental understanding of materials by understanding relationships between processing, structure, properties and performance in engineering applications. It was established in the year 2009.

About SMMEIT

Society of Metallurgical & Material Engineer's Innovation and Technology was established on 22nd March, 2018. This society is created to bring about ideas of students and researchers on a common platform. The society will keep in touch with the Alumni's, various Industries and Research institutes.

GOVERNMENT COLLEGE OF ENGINEERING,
KEONJHAR
ODISHA-758002

About RAMST-19

RAMST-2019, a national conference, is an initiative of the department of Metallurgical and Materials Engineering, Government College of Engineering Keonjhar to strengthen the materials researchers from India to the rest of the World.

The main objectives of this conference is to provide a global platform for rigorous discussion on recent developments, challenges and needs in various areas of materials science and engineering. This conference will bring together the innovative academics and industrial experts to a common forum.

GCE, KEONJHAR

GOVERNMENT COLLEGE OF ENGINEERING, KEONJHAR is the only Government College providing Engineering & Technology in North Odisha, Which was established in year 1995 with Mining Engineering as the only branch. Subsequently another six branches i.e. Mechanical Engineering, Electrical Engineering, Metallurgical And Materials Engineering, Mineral Engineering, Civil Engineering and Computer Science & Engineering were added in different phases. In the year 2006, Government of Odisha declared it as a constituent college of Biju Patnaik University of Technology, Odisha.

Themes

- > Synthesis and Characterisation of new Materials
- > Effects of particle size distribution
- > Nanomaterials and their stabilization
- > Bio Materials
- > Nano structure in vacuum
- > Emerging Smart Materials
- > Optical and Electronic Materials
- > Nano sized ceramics and composites
- > Nano-aqua dispersant and slurry stability
- > Quantum dot with polymer matrix
- > Processing, simulation and computational modelling of metals and materials
- > Testing of Materials
- > Sustainable materials and Technologies
- > Quality Enhancement of Materials

ORGANIZING COMMITTEE

Prof. Dr. Trilochan Sahu, PATRON

Prof. Adiraj Behera, CONVENER

Prof. Sudhansu S. Mishra, CO-CONVENER

Prof. Umakanta Behera, CO-CONVENER

Dr. Ranjan K. Mohapatra, ORG. SECRETARY

Prof. Susanta K. Pradhan, JOINT SECRETARY

Prof. Sandhya R. Rana, TREASURER

Prof. Sudhansu Meher, EDITOR

ORGANIZING MEMBERS

Prof. Smruti Sagarika Pradhan

Prof. Ranjan Mahanta

Prof. Jagdish Parida

Prof. Shatrughna Sethy

Advisory Committee

Prof. Dr. Rahul Mitra, IIT, Kharagpur

Prof. Dr. C. Vanitha, NIT, Warangal

Prof. Dr. S. C. Pattanaik, IGIT Sarang
