The detailed tentative timelines for the Major Project of final year students are given below. The students and the corresponding supervisors should plan the progress of their project work accordingly in order to complete the project on time. For the Thesis of the major project, the similarity index is less than 25%. The students are required to meet their supervisor and register their attendance regularly every day except holidays. The students have identified future scopes of work in their Thesis related to Minor Project and accordingly the students may carry forward their minor project work by extending the same.
